

October 14, 2024

To Whom It May Concern:

Google is pleased to inform you that Mauryan Kansara has successfully completed Google Summer of Code 2024, a program where accepted participants learn about open source software development by writing code for an open source project under the guidance of mentors.

Mauryan was accepted into the program by, and developed open source software for, checkstyle, beginning May 27, 2024 and ending on October 7, 2024. Over that period, they passed their two evaluations conducted by their mentor receiving a stipend of 3000 USD for the project.

Mauryan worked remotely on their project and was not required to visit either Google or the offices of checkstyle. Mauryan Kansara was not directly employed by Google during Google Summer of Code 2024. The Google Summer of Code 2024 program was administered by Google from our corporate headquarters.

More information on Mauryan's project can be found at:

<https://summerofcode.withgoogle.com/programs/2024/projects/PXCAPK07>.

You can learn more about the program on our website at g.co/gsoc. Should you require any further information, please do not hesitate to contact our team via email at gsoc-support@google.com.

Best,
